

## A Grant Navigation Tool for Michigan Local Governments

The MML, with funding from the Michigan Department of Labor & Economic Opportunity (LEO), offers **MI FundingHub.org** to assist local communities in accessing billions in available state and federal funding.

For many communities across Michigan, especially those small and medium-sized, navigating the process to find and manage grant funding for projects that meet their current and future needs exceeds their capacity. MI Funding Hub helps communities by:

### Find Your Funding

Offering a 1-stop shop **MI FundingHub.org** portal that is easy to use and regularly updated with new state and federal grant announcements. This is the first time a searchable and easy to use database of State of Michigan grants has been available on a single platform – making it much easier for people to find funding opportunities.

## FREE!

Providing FREE technical assistance and coaching through the MI Funding Hub Help Desk for communities as they search and apply for grant funding.

Sharing information and tools on grant funding through webinars, newsletters and more.

## What is the Impact?

Since launching at the beginning of 2024 this successful program has:

# 90+

Helped more than ninety communities identify grant opportunities that matched their project goals and improve the competitiveness of their grant project applications.

# 500

Provided more than 500 people with information on current grant opportunities through interactive webinars featuring state and federal agency staff.

# 4,600

Shared new grant information and other relevant resources with over 4,600 people through monthly newsletters.

Trained about two dozen Justice 40 communities to be more “grant ready” so they can quickly and successfully apply for funding when grants are announced.

**SILVER  
WINNER
